

Y SWIM LESSONS SAFETY GUIDELINES

Below are safety guidelines we use to keep our swimmers safe in our pool.

- Only Y facility members are able to register for swim lessons.
- All members will continue to have their temperature checked before entering a Y facility.
- Masks are not mandatory for fully vaccinated members.
- For members 12 and over, who are not yet vaccinated, masks are highly recommended while in our common areas.
- For members 11 and under, we will continue to require masks in our common areas, as this group cannot currently get the vaccine.
- To protect both themselves and the swimmers, swim instructors will be wearing face shields.
- One parent/guardian will be allowed to accompany their swimmer and will be directed where to wait during the session. Please consider checking siblings in to the Play Center.
- For members taking part in Play Center offerings, masks will be required.

THANK YOU for your ongoing patience and cooperation as we continue to navigate this evolving landscape, and for helping us maintain a welcoming, safe and healthy environment for all.
