BOLD/GOLD
Outdoor Leadership Development Program

Building Courage, Confidence & Community

At BOLD/GOLD we are optimistic about the future. We see smart young people full of courage and ready to work together on our programs!

OUR GOAL

To increase confidence, courage, emotional intelligence, wonder, and community awareness in our participants. BOLD/GOLD creates positive change in the lives of youth by providing guided real-life challenges to help them see their own capabilities. Individually and as a team they work to develop communication skills, confidence, and emotional intelligence through our proven curriculum.

ADDRESSING CRITICAL NEEDS

- Youth have fewer opportunities to learn what they are capable of in a hands-on way. **Getting outside is one of the best ways for youth to learn leadership and other life skills.** They come home and know they have what it takes to address any challenges they may face.
- Low-income and minority groups often lack access to these life-changing outdoor experiences. We ensure that groups are diverse in many aspects so that no one feels they don't belong. Participants are given the opportunity to build empathy, foster cultural awareness, and learn from one another through different perspectives shared on their BOLD/GOLD adventure. **We offer scholarship opportunities, so no child will be turned away for financial reasons.**

LEADERSHIP DEVELOPMENT

On a BOLD/GOLD trip, youth identify their personal leadership style through identifying their own strengths, valuing the strengths of others, and contributing their unique leadership abilities to the overall success of the group. As a part of the BOLD & GOLD trip, each participant will help make decisions for the group, learn the art of delegating to other youth, and help peers resolve conflict as a "Leader of the Day."

THE ADVENTURE OF A LIFETIME!

During every BOLD/GOLD trip, youth connect with the outdoors in a way that is completely unique to our model. Participants live fully outdoors! They sleep outside, cook their own meals, set up camp, and navigate with their group. Youth may wake up to sunrise yoga, learn to catch a fish, or create a new backcountry recipe, all while exploring the natural world.

ALL YOU NEED IS A DESIRE TO GO!

Our trips are designed for beginners with no outdoor experience required, just bring your sense of wonder! We also offer an introductory program called Level 1, that showcases a little of both expeditions. We have a trip for everyone!

GEAR: We provide all major gear and will send a packing list prior to the trip. Missing something on the list? Let us know, we can probably loan it to you at no additional cost.

STAFF: Our instructors are skilled at building strong groups, have extensive experience working with youth, and are passionate about inspiring people of all ages to discover the best in themselves.

2025 BOLD/GOLD TRIPS & DATES:

Introductory Trips, 6th to 7th graders:

Mixed Gender Outdoor Day Excursions: June 8-14

Mixed Gender Outdoor Day Excursions: July 20-26
