

**YMCA CAMP  
HIGH HARBOUR**

## 2025 Session Dates & Themes

### Session 1: June 1 – June 7

**Surfs up Summer!** Join us as we heat things up this summer surfer style.

### Session 2: June 8 – June 14

**Time Warp by the Decade!** Travel back in time and experience the music and culture from past (or future) decades – go to a sock hop disco, make tie-dye and build a time machine to get back to the present day.

### Session 3: June 15 – June 21

**Movie Magic!** Movie Magic is a theme to take our campers on a journey into many different genres and classics of movies that have existed over time. Kids could reminisce on Disney films, enjoy the excitement of adventure films, and many more possibilities.

### Session 4: June 22– June 28

**Carnival!** Our annual High Harbour Carnival is a camper favorite! Enjoy, snow cones, cotton candy, carnival games and lots of fun! It's time to celebrate session 4 carnival style with all of your new camp friends.

### Session 5: June 29 – July 5

**Party in the USA!** The Fourth of July makes this a true celebration! Bring your red, white and blue attire for the field party. The whole camp will join together to celebrate our nation's birthday. The session will not disappoint!

### Session 6: July 6 – July 12

**Camp's Got Talent!** Similar to the television show, America's Got Talent, we are bringing that excitement of the stage to camp! Camp's Got Talent will allow campers to showcase an individual strength or be a fun member of their cabin's talented group.

### Session 7: July 13 – July 19

**Holiday Week!** Holidays are usually spent with your family...this year we wanted our campers to have a chance to celebrate a holiday with their camp family!

### Session 8: July 20 – July 26

**Sports Week!** Time to support your favorite team or player during your session at camp! Whether it's football, baseball, soccer or basketball, show your team spirit by wearing your favorite jersey, t-shirt or cap (but no hats in the dining hall)!

### Session 9: July 27 – August 2

**Blast Off!** We take off into this outer spaced themed week. Your future astrophysicists and astronauts will love exploring the galaxy or they can completely use their imagination to invent other planets and worlds. Either way this week of camp is always a "blast".
